### Profile

I worked with many high-profile clients, national and multinational contractors to support execution of major engineering projects in the Oil and Gas industry.

Reliable, self motivated individual who performs under pressure and enjoys working in a challenging and demanding environment.

I'm punctual, well organised with a positive attitude to change and experience of managing others.

Highly creative, with some experience in editing video and sound.

Music compositions, videos, photography, drawings and poetry available in my online Portfolio.
